HKBAC Terminal
Redevelopment Project

HKBAC – Your FBO partner for access to the East & West

- ✓ **Your Trusted Business Aviation Partner** in Hong Kong for over 26 years
- ✓ **Voted “Best Asian FBO”** for an unprecedented 17 consecutive years
- ✓ **Welcoming All Business Types:** Home-based, charter, transient flights
- ✓ **Effortless Coordination:** Secure runway slots, landing permits, and parking (BAPS) at HKIA and VHHH for Business Jets
- ✓ **Enhanced Parking Capacity:** Aircraft can now stay at VHHH for up to 14 days
- ✓ **Extended Slot Window:** Enjoy a 30-day slot window, making trip planning to Hong Kong easier than ever
- ✓ **Accommodating All Sizes:** We can accommodate aircraft size up to ACJ(A319neo/A320), BBJ(B737-Max8), Global Express 7500 and G700 at our on-site apron, other sizes can be accommodated at the remote parking bay at HKIA

HKBAC Redevelopment Project & Updates – A World-Class FBO in Hong Kong!

HKBAC is excited to announce our ongoing redevelopment project, which will enhance our Executive Terminal Building (ETB) and integrating a co-located customs, immigration, and quarantine (CIQ) facility. This project strengthens Hong Kong's position as Asia's Business Aviation Hub.

HKBAC JetLink Service

- ✓ **Streamlined Transfers:** Our new airside service connects private and commercial aviation, ensuring a hassle-free and efficient travel experience.
- ✓ **Personalized Support:** HKBAC personnel will accompany you throughout your journey, simplifying customs and baggage processes.

Streamlined Flight Operations for Business Aviation at VHHH

- ✓ **Enhanced Operations:** Starting 28 November 2024, the implementation of the three-runway system (3RS) will increase runway slot availability.
- ✓ Aircraft at HKBAC will benefit from preferential landing on the South Runway (07R/25L), ensuring a quicker transition to the terminal.
